

RULES

1. To ensure a fun and safe experience I, as a customer, commit to following all the instructions, suggestions and orders given by the instructors of the Adventure Park.
2. Once the Park instructor has checked and confirmed that my gear has been put on correctly, I will keep the gear on without adjusting it myself.
3. I will only begin an activity after my gear has been checked and the instructor has given me permission to do so.
4. I will respect other park-goers and I will not disturb their activities.
5. For my part, I will take care of the gear and the structures of the Park by not damaging them intentionally. If I fail to follow this rule, I will be liable for the damages I cause.
6. I will immediately notify the Park staff of any potential problems I notice.
7. I commit to following the instructions and signs placed on the activities of the Adventure Park. I will also adhere to all the maximum weight limits and safety distances.
8. While I am on the Rope Adventure Courses, I will ensure that I am always connected to the safety line by at least one carabiner and I will not attempt to remove both safety carabiners at the same time.
9. I am aware that the activities of the Adventure Park may cause mishaps such as dirt on clothes or scratches and bruises on the skin. I understand this and accept that the Adventure Park is in no way responsible for them.
10. As a responsible person I will not leave any items on the tower or the Rope Adventure Courses and I will not throw anything down to the ground. I will notify the staff of any items or objects I find that do not belong on the tower or the Rope Adventure Courses.
11. I recognise my own limits and will not take any unnecessary risks or undertake challenges that are too difficult for me. I am aware of the limitations caused by my physical condition and I will notify the staff of my condition if I think it may pose a risk in any of the Adventure Park's activities. Talk to the staff if you have recently undergone surgery or if you have diabetes or asthma. Unfortunately, you cannot participate in the Adventure Park's activities if you are pregnant or if you have:
 - a cardiovascular disease
 - a respiratory disease (asthma does not prevent adventuring)
 - back problems or back injuries
 - epilepsy or problems with your balance
12. In order to ensure a safe experience, I will not arrive at the Adventure Park under the influence of alcohol, narcotics or any other such substances. Bringing such substances to the Adventure Park is prohibited. Smoking is only allowed at designated areas and you must not be wearing your safety harness while smoking.
13. I am a responsible adventurer and I am aware that actions that break the rules may compromise my own personal safety and the safety of others.
14. The Adventure Park has a liability insurance policy, but it is up to each adventurer to take care of their own recreation insurance policies, just as it is in regular sports situations.
15. I am participating in the activities of the Adventure Park voluntarily and of my own free will. I have understood the rules and risks of the Park's activities. I respect and commit to following the rules to guarantee my own safety and the safety of others.
16. I am aware that the Adventure Park has the right to capture footage within the Adventure Park for marketing and publicity purposes. If this is unacceptable to me, I will make a separate statement to that effect to the Park's staff.
17. I will not get a refund on the entrance fee in the event that I am unable to complete an Adventure Park activity for reasons unrelated to the Pakka Adventure Park.
